

"THE BIGGEST ENEMY OF GREAT IS GOOD."

Deep Kalra. Founder and CEO, Makemytrip.com

A good business follows the rules. A great one rewrites them. That's how we created a thriving online business that revolutionised the travel industry. And it's no different from how HP designed our newest printer. The HP OfficeJet pro represents a quantum leap in printing. It saves 30% on printing costs compared to a laser, with output quality and speeds that are just as impressive. To us, that's not just great - that's awesome.

The image shows an HP OfficeJet pro L7380 printer in a dark blue and silver finish. It is a multi-function device with a control panel on the front. Several printed items are shown emerging from the printer: a landscape photo of a sunset over water, a document with a large red ribbon graphic, a document titled 'AGENTS' AWARD FUNCTION' featuring two men, and a document with a globe and text. A man, Deep Kalra, is sitting on the right side of the image, looking towards the camera. The background is a blurred outdoor setting with a pool and a building.
