

Dr. V.K. Garg, CMD, PFC receiving the prestigious Golden Peacock Award

Dr. V. K. Garg
Chairman and
Managing Director

During the course of two decades of its journey, PFC had developed extensive power sector knowledge, skills and expertise to provide solutions to various problems faced by power utilities.

- The issue was oversubscribed by ~77 times. The IPO of PFC was a record by a PSE to have oversubscribed 77 times and importantly it generated tremendous response from QIBs with an oversubscription of 137 times (Foreign investors – 99 times & Domestic investors – 38 times).
- The stock was listed on 23.02.2007 at NSE & BSE and has almost doubled wealth of its share holders since then.

■ PFC amongst Top PSEs in India

PFC was declared as a Navratna PSE on 22.06.2007 by the Government of India, the highest honour and recognition that any PSE aspires for. PFC is now amongst the elite group of 13 PSEs in the country and is one of the youngest PSEs, to achieve this Navratna status. PFC incorporated in 1986, started its operations in 1988 and in less than a decade it was declared a Mini-Ratna Category-1 PSE in year 1998. Keeping in view PFC's continued impeccable financial and operational performance and its contribution to the development of Indian Power Sector, PFC's status was enhanced and was conferred with Navratna Status.

■ Launch of Private Equity Initiative

PFC is also contemplating to explore opportunities available in the area of private equity investment to bridge the last mile equity gap of Indian private power projects without diluting the management stake or control of the project developers. The overall objective of the initiative is to facilitate accelerated investment in the power sector through equity participation from a broader base of investors, earlier financial closure and faster drawl of loans due to timely availability of equity.

■ PFC's Key Contribution to Indian Power Sector during 2 decades
