

On the Anvil

The **Saveetha School of Management (SSM)** is being set up with an eye on becoming a global player in the near future. The aim is to ensure that through the consistent provision of high-quality programs and services, achieve personal and organizational excellence.

Centers Of Excellence

The Saveetha School of Management is planned to create a niche in emerging frontiers of management. The immediate focus will be through the:

- Center Of Entrepreneurial Development
- Survey and Research Center
- Center For Knowledge management
- Center For International Studies
- Center For Disaster Management

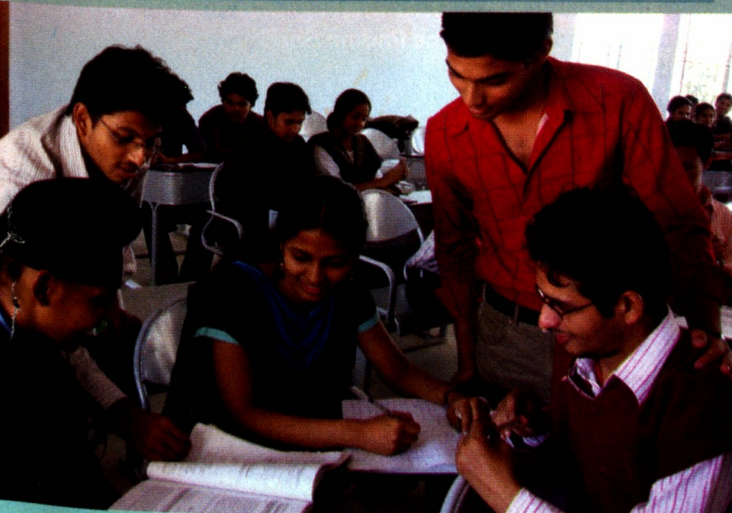

The **Saveetha School of Law** (Bar Council of India approval awaited), offers a five-year integrated BA.BL (Hons). course with a curriculum designed to cater to the needs of newly emerging specialisations and development of skills for practice and professional enrichment. It is a research oriented course wherein multi-disciplinary approach is mooted towards searching of lasting solution for social conflicts with in the frame work of Law.

The campus, facilities, Opportunities and most important of all, the management and faculty make Saveetha University one of the leading Engineering Colleges in the country, feels Manasi, ECE department.

Support for Teaching and Learning

A variety of teaching and learning support is provided for the courses: lectures, personal tutorials, example classes, supervised laboratory sessions and supervised project work. Project work, both individual and in groups, is particularly useful for confidence building and developing transferable skills. Through these projects you will develop the ability to plan, design, document and implement large software projects. You will also develop team working, organisational and management skills and the ability to present your own work and/or your team's work to fellow students and staff.

Academic staff have a range of specialisms and many are practicing professionals. Staffs are not only involved in research and teaching; some are expert advices to organisations in both private and public sector. The aim is the holistic development of a student, where intellectual thoughts and analysis, personal confidence and competence are given expression within a stimulating involved learning setting.
