

Like other designer labels,
frequently admired in front
of mirrors,

It's the designer label for your private moments. Roca's bath suites are created by some of the world's most renowned and respected designers. They're the products of strong design philosophies that result in enduring marriages of form and function. David Chipperfield, Schmidt & Lackner and Ramon Benedito have enriched the world of design with work for Pasqual Bruni, Dolce & Gabbana, Canon, Panasonic, Sony and Siemens. Now they have invested porcelain and metal with a character that is uniquely theirs, and unmistakably Roca. The result is high fashion with an allure that is all its own.

Roca is the world's no. 1 in sanitaryware and Spain's most widely recognized brand.

Featured here: A faucet from the Touch range; sculpted geometrical shapes inspired by the latest trends in architecture.
