Velammal Engineering, Technical & Management Colleges

The Velammal Educational Trust believes that young minds need mental and physical space to learn and practice in an intellectually stimulating environment. The Velammal Engineering College (VEC) and Velammal College of Management & Computer Studies (VCMCS) are ISO 9001:2000 certified and have been accredited by the National Board of Accreditation (NBA) of AICTE. VEC is always one of the top five engineering colleges in Tamil Nadu. VCMCS has been rated as A+ by Business India. On persistent

demand from parents and to reach out to more students, Velammal has established Engineering Colleges at Madurai and Thiruvallur Dist.

In an increasingly technological world, Velammal has risen to the challenge of creating talented engineers. The labs are equipped with the latest equipments where faculty members help students in cutting-edge research areas.

Velammal believes in being a step ahead of the rest. So, it encourages collaborations with the other institutions and IT organisations for inter disciplinary research. Courses at Velammal Colleges are affiliated to the Anna University and University of Madras and approved by AICTE, New Delhi.

World-Class Facilities

One of the most striking features of all Velammal campuses is the wide spaces. They create a serene, distraction-free, healthy and aesthetically pleasing environment for students to learn. Students can take advantage of the college's facilities like well-stocked libraries, modern media centres and state-of-the-art labs. The colleges also operate their own fleet of buses, International standard facilities like a cafeteria, ATM counter, Water purification plant, Telephone lines, A saloon, Stationery shop with a photocopier and round the clock medical facilities are provided.

The Velammal Central Placement Cell

Velammal Central Placement Cell (VCPC) is a vital interface for the students who are on the threshold of a career takeoff. It comprises a senior professor who also doubles as a placement officer, a full time placement coordinator and a team of placement representatives. IT giants like TCS, Wipro, Satyam, HCL, Infosys, Accenture and Keane have listed Velammal as one of their leading source for quality professionals in the country. Earnest efforts are on to have tie-ups with many industries,

software companies and organisations in the country for practical hands on training for the students during their course. VCPC is in constant touch with regular recruiters as well as with reputed companies and industrial houses in India and abroad. Negotiations are on with reputed Universities in USA, China, Malaysia, Thailand and Singapore and other countries for both academic and technical collaboration in mutually beneficial areas of research and development.
