

Go ATFTTM

More mileage

This revolutionary technology moves the air and petrol mixture within the combustion chamber in a whirling motion in order to improve combustion. This provides for the balance of power and fuel efficiency. Hence, more mileage and less pollution.

CBZ
LIVE EXTREME

- Best in class acceleration of 0-60 kmph in 5 secs
- Unique anti-kickback device
- Tuff up tube in the rear wheel

This cutting edge ATFT comes only in Hero Honda 150CC motorcycles.
