

■ SOHAM : Dr. Ravinder Kr. Tuli is the global pioneer of the 'science' and 'art' of the concept of HOLISTIC MEDICINE, having established the world's first ever department of its kind at the multispecialty tertiary care JCI accredited Indraprastha Apollo Hospitals, New Delhi. Dr. Tuli informs, "Holistic Medicine is an optimum integration of all the

Dr R.k. Tuli recognised systems of health with a 'healing touch'. It treats the individual as a whole, body-mind-spirit, and all the ailments of an individual concurrently". It is an excellent complement to all the specialties of medicine to improve the final outcome of every sickness. Holistic Medicine enables faster recovery from any acute or chronic sickness. It enables even permanent cure of most of the ailments, viz., any kind of PAIN: headache, backache, spondylosis, slip-disc, sciatica, neuropathies, gangrene, fibromyalgia, arthritis, cancer; ALLERGY: sinusitis, asthma, ILD, eczemas; DIABETES and its complications; ATHEROSCLEROSIS: hypertension, CAD, Post PTCA/CABG; HORMONAL disturbances: amenorrhea, menorrhagia, PCOD, infertility; AUTOIMMUNE disturbance or Immune Deficiency; Incurable INFECTIONS: Viral, HIV/AIDS, Hepatitis, MDR-TB; DIGESTIVE disorders: dyspepsia, acidity, reflux oesophagitis, hiatus hernia, IBS, colitis, IBD; DEGENERATIVE arthritis, failed back, dementia, parkinson's disease; PSYCHOSOMATIC anxiety, depression, insomnia, chronic fatigue, impotence, etc. Dr. R. K. Tuli & his wife, Dr. Poonam Tuli, are the co-founders of Society for Holistic Advancement of Medicine: "SOHAM", dedicated to promotion of positive health and total wellness, body-mind-spirit, by drug-free harmless natural means. The centre has recently added futuristic state-of-the-art diagnostics comprising Meridian, Chakra, Aura & Iris imaging.

Dr. R. K. Mishra

■ LAPAROSCOPY HOSPITAL : Dr. R.K. Mishra is one of the Pioneer Laparoscopic Surgeons of India. He is Professor and Head of Minimal Access Surgery, School of Modern Medicine, TGO University. Dr. Mishra is the visiting faculty and Honorary Professor of many leading hospitals of world like Iranian Medical University, Tehran, King Abdulaziz Medical City, Jeddah, Iranian Hospital, Dubai; Aljela Hospital,

Libya, Gulu Independent Hospital, University of Gulu, Uganda. King and Edward Hospital, Kenya. Prof. Mishra has been an invited faculty at over 200 local, National and International meetings and has been actively involved in teaching Minimal Access surgery techniques to other surgeons both in the India and abroad since 2001. Prof. Mishra has trained more than 2500 surgeons and gynaecologists in India and as well as in other countries like United Arab Emirates, Saudi Arabia, Uganda, Iran and many more to add. He is the faculty who has started first time in the history of Dubai, 10 days Laparoscopic Training course with 70 hours CME recognized by Department of Health and medical services Government of Dubai and European Union of Medical Specialists. Dr. Mishra is a well known surgeon who has made gesticulation in the field of Laparoscopic Surgery with his exceptional and unique laparoscopic skills, innovative & cost effective procedures and research. At this Hospital there is an opportunity to learn all practical laparoscopic surgeries in one of the most modern laparoscopic lab of the world, followed by live exposure of Laparoscopic procedures in operation theatre. The course is designed in such a way that at the end of the laparoscopic training course surgeon & gynecologists will be able to do all the skilled surgery themselves on their patients. The Laparoscopic courses are totally candidate centered and aims at imparting basic as well as advanced theoretical and practical knowledge in minimal access surgery to the young and experienced surgeons in a structured manner by emphasizing on day-to-day practical problems that a Laparoscopic Surgeon faces. According to Dr. R.K. Mishra, "the Laparoscopic course is a must for anyone who wishes to pursue his/her career in the field of laparoscopic surgery in any discipline. Thus surgeons from the disciplines of General surgery, Gynecology, Urology and Pediatric surgery will stand to gain immensely from this Laparoscopic training course". Laparoscopy today is finding as many applications in these fields as it has in the field of General Surgery. Under the circumstances an exposure to a Structured Training Program at an early stage of the career will go a long way in becoming experts in minimal access surgery. For More detail contact-Dr. R. K. Mishra, 8/10A, Tilak Nagar, New Delhi- 18, Phone -9811416838, 9811912768. Website: www.laparoscopyhospital.com,
