

FOREVER YOUNG : The secret behind Hollywood & Bollywood young looks is now revealed. NXT - Body Lift - powered by Thermage, the next generation anti-ageing treatment is now available and can make you look young now and always, well almost. As we age, the cell renewal process slows down, skin support & elastic collagen reduce, gravity continually pulls down on the skin, stress takes it's toll & the sun saps away youth - we start looking old. Till lately, ageing was considered inevitable and irreversible but today advances in anti-ageing medicine and the intervention of technology have made it possible to satisfy the aspiration to look youthful all along. Thermage is the new age wonder treatment that is non-surgical and works from within. The treatment remodels and regenerates the lost collagen there by improving the skin tone, texture and elasticity. The effects of the treatment are visible from day one and continue improving for next six months. NXT - Body Lift combines the best of all available anti-ageing solutions. Depending on the extent of ageing and the need for correction a program is worked out for the patient, which can be a non -surgical option, a surgical option or a combination of both. Thermage is US FDA approved and is particularly effective in treating face, abdominal area, thighs, hands and feet. It is also the only non-surgical treatment for treating the skin folds on eyelids. For all those who wonder, how film stars continue to look young even after they are beyond their prime - the answer is Thermage. It remains a costly treatment, yet affordable and now available to you only at Atelier. Equipped with the world renowned Thermage & Fraxel as well as state-of-the-art multiple lasers, Atelier offers complete range of latest top end surgical, non-surgical, laser & anti-ageing treatments under one roof. At Atelier all procedures are performed by qualified doctors, you can also opt to be treated by a lady cosmetic-plastic & laser surgeon. Atelier is undoubtedly the best equipped cosmetic clinic in Delhi. ATELIER - Ph : +919873172631. 011-46071101,1102 email- info@atelieraesthetics.com
