

GALGOTIAS COLLEGE OF ENGINEERING & TECHNOLOGY...

Enjoying the spotlight of success

What's knowledge without the career edge?

That's exactly what the **Galgotias Educational Institutions (GEI)** comprising Galgotias College of Engineering & Technology (GCET), Galgotias Institute of Management & Technology (GIMT) and Galgotias Business school (GBS), strongly believes in. The entire educational process here revolves around guiding and providing the students all the imperative and relevant inputs to take on the professional world with conviction and confidence. Indeed, prestigious placements are culmination of all the skills taught here and is emphasized from day one.

GCET set up in 1999, has today become an institution of repute offering **B-Tech, MCA & MBA programs**. The institute has earned the distinction of being one of the finest engineering college affiliated to the Uttar Pradesh University and has been appreciated by the Vice Chancellor for its outstanding results and academic achievement. The sterling performance of GCET can be attributed to best of pedagogical practices by the distinguished faculty of eminent teachers-learning process that is at par with the best across the globe and an exemplary academic infrastructure. The most-modern labs, hi-tech equipment, computer centres, well-stocked library, Wi-Fi connected sprawling 19 acre campus, recreational activities add immense value to the education imparted here.

Encouraging critical thinking. Introducing out of the box learning techniques, organizing seminars, institute industry interface, continually updated curriculum, access to all advanced facilities are just some of the reasons why GCET has always been the ultimate choice of engineering and technology enthusiasts. Opening global gateways for them, the institution has continued to make an enviable track record of excellent placements. Every year, a meritorious batch of graduates enters the industry with the GCET quality education as his major strength. While India is fast emerging as the global IT hub, GCET has been successfully creating a new value-added education system that certainly has given a cutting edge to the students.

Undoubtedly, these unique advantages have earned GEI recognition by **Outlook-Career College survey and DATAQUEST-NASSCOM survey** as among the top private colleges in the country. Sure, it's the pride the students share to be part of the great institution.

GCET has perfectly synergized theoretical skills to promote all-round competence. The stress is always on increasing the employability of the students and putting them at ease with the employer's expectations. The technical skills clubbed with personality development techniques & communication abilities enhanced at

English language labs, all help the students take up the challenges in an extremely positive spirit.

GCET's commitment to secure best placements for its students is reaffirmed by the fact that it has **Industry Interface with Infosys, Convergys etc.**, under the MoU signed for Campus-Connect programs, wherein the students get the opportunity to regularly visit the well-established enterprises and get not only practical experience of what they learn in classrooms but also acquaint themselves with the functional and environmental culture of different organizations. GEI has recently bagged the **highly coveted TCS accreditation** achieving full marks in its rigorous evaluation procedures and finding its 76 students recruited from the 2009 batch. GCET has also been accredited by **NBA** which is a quality benchmark given after rigorous inspection processes conducted by personalities of the likes of the Vice Chancellor.

Career Planning & Development Division (CPDD) organizes short-term industry-oriented training & entrepreneurship development programs, arranges aptitude tests, improves professional & business communication skills of the students besides developing soft skills like time and stress management, personality development and CV writing. **The Corporate Advisory Group** involves senior technocrats and administrative wizards of renowned universities who aid in placement of students with well-established corporate houses. **The Industry Institution Liaison Cell** too works enthusiastically in this direction as a result of which **GEI is fast heading towards 100% placements!**

Little wonder that such zealous passion to promote and place their outgoing students with top league companies like Bharti Telecom, Convergys, HCL, Infosys, LG, Samsung, Siemens, Sony, TCS, VSNL, Yamaha Motors, Accenture, Satyam, Infosys, Wipro, L&T, CSC, IBM and many others, has put GEI on the pedestal of the most trusted and revered temple of education.

Results simply at par with excellence!

Brilliant results, outshining 100% placements, radiant futures... indeed everything is at its brightest at Galgotias College of Engineering & Technology. The good reason behind this is the fact that the epitome of learning has achieved the unbeatable first position in MBA, second in MCA and eighth in B.Tech. in the entire U.P. region. **The college has been highly lauded in a letter of appreciation by the Hon'ble Vice Chancellor for the meritorious performance wherein he has congratulated the Galgotians, faculty, staff & management for this academic achievement and has complimented the measures taken for the holistic development of the students.**

The sprawling 19 acre campus certainly holds within itself, the limitless capacity to mentor the future of hi-tech industry. One of the most eminent faculty of the education industry, state-of-the-art teaching learning process, career-oriented curriculum and an exemplary academic infrastructure provide GCET the extraordinary edge over others that translate into the stupendous success of its students.

GCET's core philosophy lies in consistent excellence, i.e. sustaining and improving the quality of teaching programs in order to ensure
