

as Management, Architecture and Computer Science since 1997. The sprawling 29 acre campus boasts three specialized Schools of excellence, complete with modern labs, studios, libraries and hostels.

The **Apeejay College of Engineering**, Sohna, aims to impart quality education in Engineering in the country, to produce highly competent Engineers who can contribute to the task of nation-building. It offers programmes in various engineering disciplines along with practical training in industry and consultancy of international standards. The college has 32 specialized labs, a computerized library & separate hostels for boys and girls. Additional courses in Management would be offered by the **Svran Apeejay Institute of Management** recently established in the Sohna campus.

All the Apeejay higher institutions are housed in architecturally well-designed buildings located at picturesque campuses, and provide top-class amenities and facilities. They have a special focus on the

development of soft skills such as communication, independent learning, entrepreneurship skills and business acumen for self employment. An underlying emphasis on value education is maintained, to produce not just excellent professionals, but also good human beings who will be responsible citizens of the country. As a result, Apeejay Institutes have excellent placement records with companies such as Coca-Cola, Wipro, ICICI Prudential, Reliance Infocom, Bajaj Allianz, Kotak Mahindra, ITC, Nestle, Hindustan Times and Discovery Channel, just

Apeejay Institutes have excellent placement records with companies such as Coca-Cola, Wipro, ICICI...

to name a few...

A visit to the Apeejay Education Society website www.apeejay.edu shall open up an exciting world of opportunities for higher education aspirants.

Q- How does Apeejay set itself apart from other institutions?

Apeejay has over 40 years of experience in educational excellence. With 23 institutions across the country offering over 80 courses in diverse disciplines to choose from, we offer students a wealth of educational and career opportunities. We cover the entire spectrum of education, right from pre-nursery to doctorate level, and that gives us a unique all-round perspective of the holistic education process, not just in terms of preparing competent professionals for the country, but also to provide a firm grounding in human values to produce well-rounded and conscientious citizens and leaders.

Q- A major concern for students is the validity of their degrees? Which universities/boards are the Apeejay institutions affiliated to?

All our higher institutions are affiliated to reputed Indian universities and Boards, and they meet rigorous quality standards and stipulations set by the UGC and NBA. All our technical and professional courses are approved by AICTE. Therefore, our programmes are recognized worldwide, and well sought-after, in both industry and academia.

Q- How does Apeejay prepare its students to face today's competition in jobs?

Apeejay students have consistently enjoyed success across various industries and sectors, thanks to our extensive industry-academia linkages, summer-training opportunities in reputed business houses, and most importantly, our support programmes for inculcation of soft-skills, life-skills & entrepreneurship. Furthermore, we have specialized placement cells in all our higher institutions that liaise with the industry to ensure that our students have a distinct advantage in employment in reputed organizations.

An Interview

Sushma Berla, Vice-President of the Apeejay Education Society explains why Apeejay is the most talked about name in education today.
