BEST OF BOTH THE WORLDS

Ansal Institute of Technology - Pioneered by IITians

Ansal Institute, set up in the year 2000 has acquired International reputation in providing world-class education. It is established by the prestigious Ansal Group on a sprawling WiFi campus in Gurgaon, the hub of MNCs.

Ansal Institute has been recognized by UGC under section 2f and All India Council for Technical Education to run B.Tech. programs in Computer Science & Engineering (CSE), Electronics & Communication Engineering (ECE), Information Technology (IT) and Electronics & Electrical Engineering (EEE) and has been among the premier institutes in North India for BBA, BBA (B&I) & BCA programs with GGSIPU, Delhi. Through its programs like BBA, BBA (B&I), BCA and MBA, Ansal Institute had been giving value added courses to make the program holistic meeting the stringent Indian guidelines for a professional degree along with providing broad-based education so important for personality development – a feature considered important for senior executive positions in MNCs along with meeting the requirements of overseas universities.

Education beyond Curriculum

The holistic approach adopted by Ansal Institute over the years has carved out a niche for itself in education world & has yielded extraordinary dividend in that its students & graduating product have found good placement in companies like Wipro, Hughes Systems, ICICI, Sapient, Mahindra British Telecom, IDBI, Sahara India, KPMG, John Deere, IBM etc and overseas universities like Clemson University (CU), North Dakota State University (NDSU), San Jose State University (SJSU), Eastern Michigan University (EMU), Tarleton State University (TSU), North Carolina State University (NCSU), McMaster University, University of New Brunswick, University of Windsor, Saint Mary's University, Deakin University, University of Western Australia etc.

Best Practices

Learning Management System:

Teaching-Learning takes place by adopting the latest technology tools with the help of a Learning Management System designed & developed in-house. The portal also takes care of modules like registration, fees, attendance, grading, online feedback etc.

Mentorship:

Mentorship program in which a group of 15-20 students have been assigned as mentees to a faculty member as their mentor. It aims to enhance interaction between the students and faculty members and establish a stronger bond of trust and confidence thereby helping students with general and career counseling.

Value Added Courses: Technology Workshops, Employability Skills Program, Industry Seminars and Personality Development Programs through various approaches like Theatre workshops, Communication workshops, Management

Club and Student Societies make students' educational experience truly rewarding.

Strong Industry Interface: Ansal Institute's Centre for Corporate Relations (CCR) has established a network of leading companies and brings a refreshing corporate learning experience for the students through Weekly Seminars by senior industry professionals. These seminars provide current industry perspective and changing trends. CCR also looks after making arrangements for summer training, group discussions, campus interviews and final placement of students. Its students have been successfully placed in organizations such as Wipro, Hughes Systems, Sapient, Mahindra British Telecom, IDBI, ICICI and Sahara India. Its students who have gone overseas are working for top MNCs like KPMG, John Deere, Motorola etc.

There is considerable emphasis on developing Industry Tie-ups to offer joint programs and undertake collaborative research and consultancy with reputed companies like Coca Cola, Pantaloon (Retail Management), HP, IBM, Shopper's Stop, Reliance and many others. Ansal institute has academic alliance with world IT leaders like Microsoft and Cisco.
