Overall ranks are based on perceptual and factual scores, not on perceptual and factual ranks. Therefore, the overall rank of a college may be different from its perceptual and factual ranks. (-) Did not figure in the Top 25 last year.

diamond jubilee year, AFMC finds itself a notch lower, at the third position.

The top 10 rankings this year pretty much mirror last year's list, except for Seth GS Medical College, Mumbai, which has risen to the ninth position from the sixteenth last year, primarily due to its perceptual scores. Lady Hardinge Medical College (LHMC), Delhi, on the other hand, has fallen from the sixth rank to the tenth this year, with a dip in the college's factual scores. Students have not lost heart though. Says Vidhi Jain, a final-year student of MBBS at LHMC, "There are plans for expanding the associate hospital to include more super-specialties.
