

Vendors' enjoying the gala entertainment

Vendors' listening to the future prospects of the company

Honda all of which are using 100% of Lumax components were displayed in the venue. The entertainment periphery was handled superbly by Indipop singer Jasmeet Singh and stand up comedian Siraj Khan.

The infotainment event gave the vital details of the company to the vendors and associates. Analyzing past achievements, future plans and strategies and fine tuning the relationship with each other formed the crux of the event. A family event, full of congeniality the vendors' had a time of their evening mixing with each other and interacting. Speaking on the event evening, Mr. Nitin Jain, Executive Director, Lumax Automotive Systems Limited said, "Our future plans are very dynamic, we have 60,000 sq feet of constructed area for air cleaners and filters ready at our Manesar facility. We have installed 10 new injection molding machines at our Manesar facility, making a total of 45 injection molding machines in the group with a capacity of 80 to 750 tonn. 3 dedicated plants with full equipped toolroom facility have been devoted to this. A fully automated mirror plant has been imported and will be installed at our sector 6 plant by end May; enhancing our capacity from 3 million mirror plates to 7 million plates per year, also we are coming up with a new plant in Pune and the company has planned to invest in a 10 acre plot at Bawal Industrial Area for future expansions. With all these things we are targeting a turnover of Rs 330cr by year 2011 and our team is determined for the same."

To make things better Lumax has a technical tie-up with Toyo Roki Filter Manufacturing Co. Ltd., Japan for Air Cleaners & Filters and a Joint Venture with Magna Donnelly U.S.A. for rear view mirrors for cars. Lumax products are used in all top automotive companies including **Maruti Udyog Limited, Honda Motorcycle Scooters India, TATA Motors, General Motors, Hero Honda, Suzuki Motors Ltd. and other premium brands.**

Jasmeet entertaining the crowd

On the occasion; Nitin Jain-Executive Director, also introduced their Marketing Division, through which the Company will be marketing their products in the replacement market by their own means. For this, Lumax Automotive Systems Ltd. has already appointed dealers in India and has started their sales. According to Jain the company is planning to target 25% of their total turnover by their Marketing Division.

Lumax Automotive Systems Ltd. has also started their exports in UK and their consignment arrived there without a single piece rejection, it's indeed a great achievement for any company. The company is also targeting 20% of their total turnover by exports.

Need not to say, that Lumax Automotive Systems Limited has grown very rapidly to become a multi-locational, multi-product company. To carry the expression forward Lumax has great expansion plans, with an investment of 20 crores in the year 2008-09. □
