

DR. J. CRAIG VENTER-Pioneering Genomic Researcher

Craig Venter is regarded as one of the leading scientists of the 21st Century for his invaluable contributions to genomic research. He is the founder and President of the J. Craig Venter Institute, a non-profit, basic research organization dedicated to the advancement and understanding of the science of genomics and communication of those results to the scientific community, the public and policy makers. On March 15, 2008, at the INDIA TODAY CONCLAVE he will speak on the topic: "The DNA of the Future."
