

Spreading the magic of Chemistry

across Kuala Lumpur, Melbourne, Ulsan, Mumbai, Jaipur, Gwalior

ORIGIN BEANSTALK

Chemicals shape the future by making fields fertile and food healthier, clothes shinier and teeth brighter, cars faster and life livelier. And as BASF Kids' Lab on Science Express travels across India, it will open young minds to the fascinating world of chemistry through an engaging exhibition and hands-on experiments.

The BASF Kids' Lab carries forward BASF's vision of shaping the future. It seeks to ignite a passion for chemistry in the hearts of the Generation Next, who will shape the nation tomorrow.

BASF IS PROUD TO PARTNER SCIENCE EXPRESS

(A joint-initiative of Dept. of Science and Technology (DST), Govt. of India, Govt. of Germany and Max Planck Society, Germany)

The exhibition-on-wheels with 16 AC coaches will bring over one million Indians across 57 destinations, closer to science.

 **BASF**

The Chemical Company

BASF, the chemical company, shapes the future with over 8000 chemicals that enrich lives across 200 countries. Visit us at www.basf-india.com
