Melting Pot of Fashion and Luxury Lifestyle

India with its thriving economy has a young but strong fashion industry. There exists the talented home grown designers, the on the rise lifestyle retail and flourishing fashion apparel export catering to names like Versace, Armani and Luis Vuitton. India is a significant destination both for the sourcing of design and development, raw material as well as manufacturing for the global fashion.

Fashion village is a vision of a space where each of these entities meet and do business together, thus supporting and complimenting each other; generating higher profits due to the exclusive infrastructural and economic support on offer.

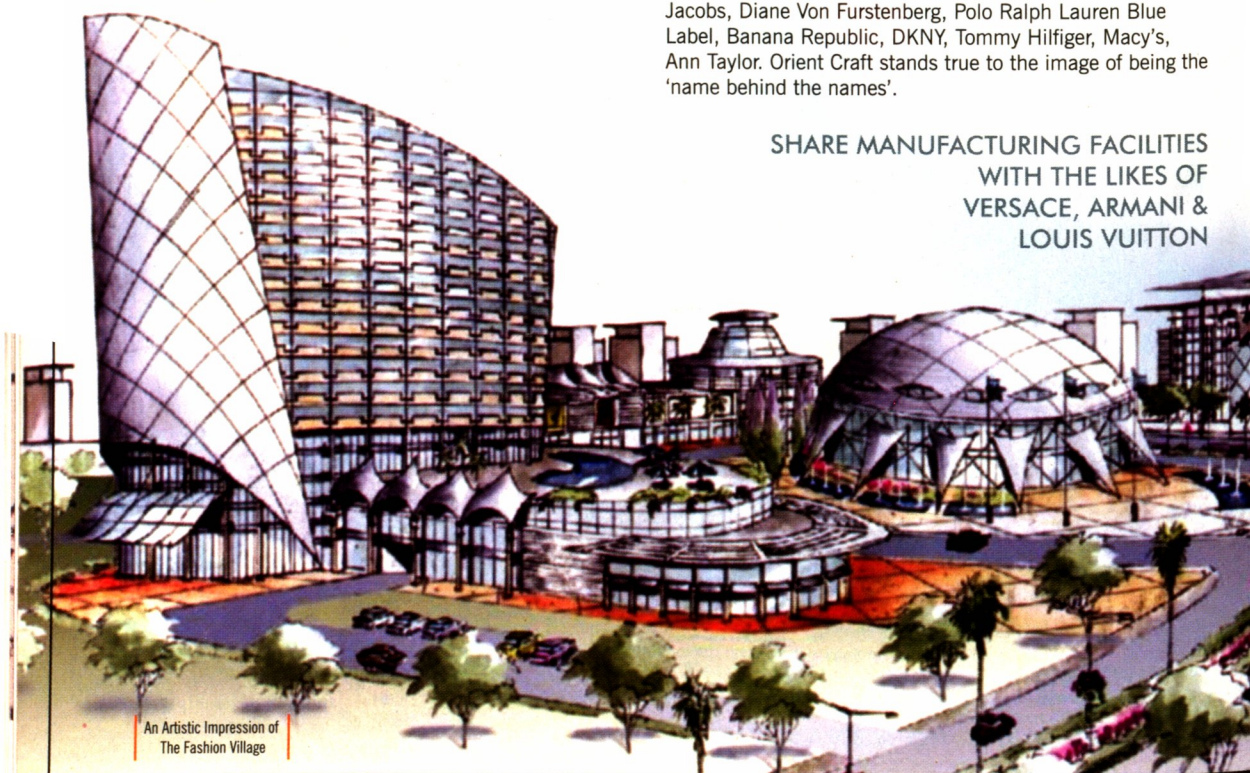

A 20 minute drive from the Delhi International Airport on the NH8 toll road expressway will lead to the ultimate fashion destination that the subcontinent would see.

A fully notified and approved SEZ, The Fashion Village is an unprecedented, self sufficient, residential, industrial, commercial and institutional township in the making, where every phase of the business of fashion will be supported by state of the art infrastructure.

Spread over 350 acres (as first of the three phases of planned development), Fashion Village has a wide facadé on the upcoming KMP expressway. The Fashion Village is well flanked by the already fully functional and well developed IMT in Manesar.

The Fashion Village is an OCIL venture; part of the Orient Craft Limited. The promoters are well recognized as an economically and socially responsible organization towards the fashion and textile sector. With a history spanning over 3 decades, Orient Craft Limited has consistently been one of India's top garment manufacturers and export organizations. The name is well associated with a customer base with the likes of over forty fashion designers and brands like Marc Jacobs, Diane Von Furstenberg, Polo Ralph Lauren Blue Label, Banana Republic, DKNY, Tommy Hilfiger, Macy's, Ann Taylor. Orient Craft stands true to the image of being the 'name behind the names'.
