The world is your destination

S P Jain presents the **Global MBA Program** that opens global opportunities for you

Q. What is special about S P Jain and this program?

A: S P Jain is one of India's top business schools and now also has campuses in Dubai and Singapore. The Global MBA is designed for those who aspire for a global career or wish to join a multinational firm. All participants spend 6 months each in two vibrant business capitals - Dubai and Singapore thus being exposed to a global business environment. In each city participants do projects for local companies, interact with local business professionals and are taught by international professors.

Q. Why is it a one year program?

A: The program is designed for working executives who prefer to take only one year off so that they can get back to work sooner. The curriculum however is over 1000 hours as in a typical 2 year program. These executives are very bright and ambitious and prepared to work twice as hard and sacrifice

holidays in order to save one year.

Q. Why are there so many super specializations?

A: Recruiters say that conventional MBA participants lack in-depth domain knowledge. The Global MBA offers 9 super specializations - Investment Banking, Wealth Management, Banking Management, Retail Management, Services Marketing & Management, Product Marketing & Management, Global Logistics Management & Supply Chain Management, Information Technology Management and Global Human Resources Management to ensure that a participant has mastery over a chosen area. This has been widely appreciated by the industry and gives our participants a tangible edge.

Q. What about the faculty?

A: In addition to S P Jain's own top class faculty we also put a lot of effort to get only

the very best professionals from all over the world to lend their global knowledge. Our participants say that our outstanding faculty is one of our greatest strengths.

Q. What are the admission's criteria?

A: An attempt is made to identify and groom tomorrow's CEO. Several criteria like an aptitude test, undergraduate record and relevant work experience are considered. Thousands of participants apply for the few seats and so admission is very selective. The website gives all details.

Q. What is your placements record?

A: We have had a 100% placements record. To cater to the need for global jobs we have placements offices in Dubai, Singapore, Australia and India. Shortly, this list will include more countries.
