Toshiba Portégé R500

Intel® Centrino® processor technology

Leave it to Toshiba to redefine true mobility in notebook computing for the executive... yet again. The new Portégé R500 is practically a paradox in notebook engineering – fully loaded power-user features in an astonishing **19.5mm**^{*1} super-slim, **979g**^{*2} durable body, plus up to **12.5 hours**^{*3} of battery performance, making it the **slimmest**^{*1} and **longest**^{*3} performing computer in its class. For on-the-go-mobility, style and extreme productivity, the Portégé R500 is as much a wonder to look at as a marvel to use.
