

We dream for you. We dream for India.

When we began 24 years ago, all we had was a dream. Today we have a Rs. 2000 crore enterprise. One that's building better futures for thousands of farmers and entrepreneurs, while it partners our nation's progress. By modernizing the industry, By creating employment across the rural heartland. By shoring up exports. A dream is all it takes. And we're happy, India, that we dream for you.
