10+2

Education expenses can grow faster than your child

Traditional investment instruments may not be enough to meet rising education expenses. Education Solutions from ICICI Prudential offers you a range of products that guarantee money at key milestones in your child's education, such as 10+2, graduation and post-graduation. In an unfortunate event of demise of the parent, we:

- Not only pay the sum assured, but also continue to pay the future premiums. ■ Pay the child an annual allowance till the policy matures.*
- So, no matter how big your dreams are for your child or costs attached to it, we ensure you fulfill them.
