

Lavasa - Free India's largest Hill Station.

Where technology accelerates life, while nature slows it down.

At Lavasa, you can choose the pace of your life. After all, high speed internet, comprehensive landline & mobile phone services and first class roads will ensure that one is always connected. While expanses of open greenery with a lake and small rivulets offer the calm you need in life. And Geographical Information System (GIS) enabled e-governance for effective town management goes hand-in-hand with an environmental management plan that respects nature. Truly, Lavasa offers nothing but the best for you to 'Live, Work, Learn and Play'.

HILL STATION • Spread across 100 sq. kms. - almost 1/4th the size of Mumbai • 45 minutes from Pune • Choice of beautiful lakeside villas and apartments • Winner of two global awards for the concept of New Urbanism • State-of-the-art infrastructure, technology and e-governance • Three cosmopolitan town centres with distinct identities • Finest education institutions • International Tourism, Hospitality, Healthcare, Convention and Entertainment Centres.
