

Pondicherry Industrial Promotion, Development, and Investment Corporation (PIPDIC)

For 30 years now, PIPDIC has tirelessly served the denizens of Puducherry by nurturing and helping them achieve their entrepreneurial ambitions. With very minimal paper work, this department sanctions easily repayable loans at reasonable rates of interest to investors with promising, new industrial ideas. In fact, till date, PIPDIC has sanctioned loans to the tune of more than Rs.300 crores, thereby providing financial assistance to over 3000 units industries in Puducherry and enabling nearly 30,000 people to earn their livelihood. It therefore plays a crucial role in keeping the unemployment quotient in Puducherry at a low. In addition, by assuring the borrowers of attractive benefits against prompt repayment of loans, PIPDIC minimizes the risk of bad debts, and cuts the losses that the Government might otherwise incur in the process.

PIPDIC provides a helping hand to different types of businesses both big and small. From buying small auto-rickshaws and tempo vans, to building huge hotels, hospitals, marriage halls, and shopping malls, monetary requirements of any magnitude upto Rs.10 crores can be fulfilled by PIPDIC. Besides industry, agriculture too has gained immensely from PIPDIC's benevolence! Agriculturists who require rice harvesting equipment that can increase their agricultural yield, can approach PIPDIC for a low-interest loan. Likewise, PIPDIC offers specialized financial packages for setting up critical industries such as bio-tech industries, power generation plants, weaving units, food processing units, and the like. Investment in such industries also fetches an investor an immediate 2% interest less than the normal rate.

PIPDIC's recent foray into the Information Technology stream has resulted in the establishment of an Electronics park and an IT park, which have been working efficiently and effectively towards the development of Information Technology in Puducherry. Moreover, companies engaged in the development of IT solutions or in the provision of IT-enabled services receive loans with interest rebates, in addition to Government subsidies.

PIPDIC firmly believes that today's students are tomorrow's industrialists! To help these 'potential investors' equip themselves adequately before stepping into the competitive world of business, PIPDIC provides educational loans. Besides technical education, PIPDIC also funds academic pursuits in the field of medicine. While loans to the tune of Rs. 10 lakhs are granted for pursuing higher studies in India, Rs. 20 lakhs is provided for acquiring professional degrees abroad.

Apart from the above, PIPDIC provides the following noteworthy services:

- Budding entrepreneurs seeking direction can approach PIPDIC for guidance and counseling related to the business of their interest.
- Special schemes await women entrepreneurs at PIPDIC; projects proposed by women at a cost of Rs.20 lakhs, receive 2% interest rebates, in addition the investor contribution for such projects is reduced to 25% from the normal 35%.
- PIPDIC also provides the working capital required by industries projects upto Rs. 200 lakhs.
- PIPDIC also extends financial support and to small-scale, medium-scale, and village-based industries.
- Owing to the sincere efforts of the minister and present MD of PIPDIC, the Government of India allocated on half of the coal reserves in the Naini Coal Block of Orissa to PIPDIC; this allocation has enabled PIPDIC to generate enough power for both its current & future domestic and industrial needs, and also supply electricity to its people at reduced rates.
- PIPDIC reserves special concessions for important industries such as Information Technology, Tourism and Hotel Management, and industries helmed by women and natives.
