

THE GET-RICH QUICK GADGET

Sites like myplaywin.com are converting clicks into crores.

There is a new breed of millionaires in India, and they are not your Silicon Valley entrepreneurs who make it big on their booming software stocks. They are common people with dreams and a bit of luck on their side. They are the millionaires that Playwin Online Gaming has created through its lotto games. In its online avatar, myplaywin.com, Playwin is making things bigger and exciting for the players.

Mr. Amar Sinha, MD & CEO, Pan India Infravest.

For the less informed, Playwin is the gaming brand of Pan India Infravest Pvt. Ltd., part of the \$ 1 billion Essel Group of Companies. Launched in 2000, it is the pioneer in online gaming and the leader in lotto games. Mr. Amar Sinha, MD & CEO Pan India Infravest adds, "Playwin is a genuine medium of gaming and entertainment that is helping people enjoy and win big money". Proof? To date Playwin has made 74 Jackpot winners. That includes the famous Mr. Jaiprakash Jaiswal from Kolkata who won a cool 17 crores last year, India's biggest jackpot ever. With such big winners, it is easy to forget other winners. Like the 3,000 lakhpatis it has also created.

Myplaywin.com already has more than 3 lakh registered users, spending at least 20 minutes on an average, playing its games online. Currently gamers choose from eight different games. They are the hugely popular on-ground games like Tuesday Thunderball, Thursday Super Lotto, Friday Easy Lotto, Saturday Super Lotto, Fast Lotto, Keno, Joker and Joker 5. The site allows players to game at their convenience, whenever and from wherever.

A gamer has to buy an ITZ Cash card, which is a pre-paid

secure medium for payment. Gamers can also track results, winning amounts and next jackpots in just a few clicks. The site is extremely user-friendly and offers help at every point. Say if you don't know how to play a game you can take a tutorial. For detail information you can visit www.myplaywin.com.

Recently myplaywin.com has undergone a face change & launched a new design with better usability & new features.

But the best part is that the gaming experience doesn't end at the site. "To make the gaming experience complete we want to make it truly anytime, anywhere. That's why we started gaming through mobile as well," adds Mr. Das. "All he needs is an ITZ Cash card and he can start gaming."

To make the gaming experience complete we want to make it truly anytime, anywhere."

The mobile industry in India is expecting a growth of approximately 400 million subscribers by 2010 and the Internet users are expected to touch 100 million by 2007-08. Yet another significant statistic is that the online and mobile ad revenues are also expected to touch Rs. 400 crore by the end of 2007. So its not just the gamers who are having a great time raking in big money, but it's sites like myplaywin.com that are having a good time as well.
