

SUNIL AGARWAL

■ KAMDHENU ISPAT LTD.

Kamdhenu Ispat Ltd. has been a company with high vision that has kept growth to be its major competitive factor. Their journey that began from Rajasthan has now traversed all across the country and even reached out to the neighbouring country of Nepal with its rich bouquet of products profile. They are fundamentally into steel sector with top-end products such as reinforcement steel bars (TMT/HSD), structural steel (angles, channels, beams and flats) and binding wire. Kamdhenu's unwavering focus on quality is epitomised by its efficient work force, its adoption of the latest international technology and its exemplary product standards that emerge from the most stringent quality control tests. Additionally, it boasts technologically advanced machines and systems, professional management and a pioneering zeal that is constantly in search for a new model of production. The company has forayed into real estate segment as well, with Kamdhenu Homz, to carve its own niche in the markets of North India. The company is also manufacturing other integral products in construction segment with latest being plywood and paints. They are exploring into the launching of their brand in the segment of Tiles and PVC pipes. Today Kamdhenu Ispat Ltd. is in primary capital market, being listed in BSE and NSE, so the responsibility on their shoulders has increased immensely. They are on the high growth track of diversification and in association with their high net worth franchisee units, dealers & distributors, shareholders and customers; success is what they are aiming at.
