The course aims to equip the students with fundamental skills of finance, knowledge of Banking operations and financial services, various forms of banking, which will aim to familiarize the student with contemporary Banking practices.

■ Programs (3 year part time, approved by AICTE, equivalent to MBA)

Executive Post Graduate Diploma in Management (Executive) PGDM and Executive Post Graduate Diploma in Management – Marketing (Executive) PGDM (M)

The Executive Post Graduate Diploma in Management programmes are approved by AICTE. The programmes are designed for middle/senior level executives from corporates/ development sectors, defence personnel/civil servants, consultants / professionals as well as entrepreneurs, who wish to take a quantum jump in their careers or emerge as leaders in their area of business.

The programmes start with providing a solid foundation in the various aspects / functions of management, and move on to providing concepts and skills needed for analyzing opportunities, formulating strategies / tactics and implementing them in the real world of business. The EPGDM (M) programme will focus in the specialized area of marketing. The learning methodology offers a balanced mix of classroom learning / discussions , case analysis, individual / group assignments and projects. State-of-the art infrastructure and facilities , digital library, highly experienced faculty all contribute to a holistic learning experience. Regular interactions with the industry keeps the students abreast of current happenings in the business world.

AIM boasts of being one of the best quality education providers in the country. Due to consistent efforts, the institute has been continuously rated as one of the top business schools in the country.

■ PLACEMENT

AIMians are highly sought after by the industry and 100 percent quality placement is general norm. AIM continues to give students excellent career options. It fully leverages the corporate partnership and AIM Alumni network in the career development process. AIM-CCR is committed to providing its students with the highest level of preparation for their career. It continues to assist its students as they explore a broad range of career option and achieve the focus and specialization required for a successful job search. The Institute has a track record of 100% placement since inception.

■ ADMISSIONS

The students' entry into Asia- Pacific Institute of Management will be through CAT/MAT examinations. Only the aspirants with higher cut-off percentage after group discussion and personal interview qualify for admission to the programme. Corporate Professionals are invited in the selection panel for GD & PI along with Internal faculty to select the students wherein weightage are given to education & Technical background, Personal interview performance, work experience and inter-personal skills etc.

WE HAVE GOT WHAT IT TAKES TO BE THE BEST MANAGEMENT INSTITUTE OF THE COUNTRY

In the last 12 years the Institute has achieved the following accolades:

- An A+ category Business School (Business Standard survey of September 2006)
- Rated the best in Programme Delivery & 95% in intellectual capital as per AIMA
- Among the super league of top 20 business schools in India
- Students participated in various management programs conducted by Leading Management Institutes all over India and achieved many awards for top positions.

Then the students are also provided with the library that is housed in the academic block with a spacious reading room. What makes the library stand out is

- It is well stocked with more than 29000 books apart from the reference material and literature on companies and electronic databases.
- Access to over 250 periodicals and magazines which includes international editions as well.
- Annual reports of select companies and the ministries of the Government of India and documentation on select topics offer rich reservoir to the scholars
- All the library functions are fully automated and the online public access catalogue is available on intranet and internet.

The institute must always focus on new ways of learning process, product systems and offer high quality industry focused programmes for appreciating and embracing the paradigm shift in the environment which help to develop human capital for future.
