

The State Government's Industrial Policy has special focus on attracting overseas investment. An NRI facilitation cell was created on Pravasi Bharati Diwas 2007. Over 40 NRIs attended the Investors summit at Khajuraho on 16 & 17th January 2007, where 16 MOUs and 7 expressions of interest were signed.

The State Government is also planning a "Destination Madhya Pradesh Investors Summit 2007" at Indore on 26th & 27th October. Chief Minister and a team of Ministers and officials have been to Singapore, Malaysia, Kuala Lumpur, London, New York, Laos, Angeles, Saint Louis, Saint Jose to generate investment & to invite investors to the investors summit-2007.

Investment Facilitation Corporation (TRIFAC) is functioning as its secretariat.

The implementation of Industrial Promotion Policy has shown remarkable results, attracting industrial investments of more than Rs. one lac crore, out of which projects worth Rs. 29,000 crores are already under implementation. The proposed investment in the Madhya Pradesh is largely propelled by availability of natural resources such as coal, limestone, bauxite, coal bed methane, soyabean, cotton and other agricultural produce, while suitably aided by the specially constituted empowered committees at various levels. The investment under implementation is mainly in cement, energy, textile, automobile and auto components, food processing, IT and ITES sectors.

CEMENT – Madhya Pradesh is one of the major cement producing states of the country. 13% of the total demand of cement in the country and over 25% of the total demand of northern India is met by the plants in Madhya Pradesh. M/s Jaypee cement, Diamond Cement, ACC, Vikram, Maihar, Birla Corporation and Prism Cement are major cement producers in the State and most of them are further expanding their capacities by investing Rs. 2,100 crores approximately. M/s Sanghi group of Hyderabad and Shyam Industries of Kolkata have investment plans to the tune of Rs. 10,000 crores for setting up cement plants in the State.

TEXTILE AND GARMENT – Malwa area of Madhya Pradesh has been a Textile Hub due to availability of cotton and skilled human resources in the region. At present, Bhilwara group, Indorama, Bhaskar, Oswal, S. Kumars, Pratibha Syntex, Raymond, Patodia and Suryawanshi group have their presence in the state. Vardhaman group is setting up a composite textile mill investing Rs. 1,400 crores at Budni in Madhya Pradesh. M/s Abhishek Industries of Trident group are also setting up a terry-towel and bed-sheet plant with latest technology at the same location investing about Rs. 950 crores. Other projects including a 55 crore plant of Mahima Purespun, Rs. 350 crores plant of Pratibha Syntex, Rs. 154 crore plant of Bhaskar group, Rs. 56 crore plant of Moinus Textiles and Rs. 55 crores plant of Kamal Cotspin are under progress.

AUTOMOBILE AND AUTO COMPONENT – With the development of Pithampur Growth Centre in 1980s near Indore, Automobile and Auto component industries developed in the State. M/s Hindustan Motors, Kinetic Honda, Eicher, Bajaj Tempo etc. already have their units in Pithampur. M/s Force motors are setting up a Heavy Vehicle factory investing Rs. 264 crores, M/s Avtec are setting up Auto Engine Plant

Investing Rs. 250 crores, M/s Bridge Stone Tyres are planning to invest Rs. 120 crores, Caparo Industries Rs. 80 Crores, Eicher Motors Rs. 57 Crores, Rajratan Global Wires Ltd. Rs. 35 crores, JK Tyre Rs. 85 Crores and Pinnacle Industries Rs. 8 crores are some of the new investments.

AGRICULTURE AND FOOD PROCESSING – Agriculture being the mainstay of the State with almost two third of the population of the State earning their livelihood from agriculture. The State is the largest producer of pulses, oil seeds including soyabean. Production of vegetables and fruits has gone up in last few years; Sugar cane is coming up as a major crop in Chhindwara and Narsinghpur districts. Therefore, there is huge potential for food processing industries. State Government is encouraging production and export of herbal and natural products as well. A separate department "Horticulture and Food Processing Department" has been created by the State Government to focus on this area. There is a possibility of new investment to the tune of Rs. 8,000 crores in the sector covering solvent extraction, sugar mills, bio diesel, roller flourmill and fast food etc.

OTHER IMPORTANT INDUSTRIES – With the State Government efforts the work on Bina Refinery has just commenced after a long delay. Rs. 10,300 crores are being invested in this project and the Refinery will start production by December 2009. Hindustan Aluminium Company (HINDALCO) is setting up an aluminium smelter in Sidhi District investing Rs. 1,700 crores. The land acquisition for the project is underway. M/s Reliance Industries Limited has discovered Coal Bed Methane in Shahdol District and as a result there is possibility of investments for gas distribution and for other gas based industries.

POWER GENERATION – Coal deposits of the State bring in investment for power generation. A number of investors including Ultra Super Thermal Power Project Sasan, Essar Power, Jaypee Power, ISN International etc. have projects already lined up. Many more MOUs for setting up of power generation plants investing Rs. 39,000 crores were concluded at Khajuraho in January 2007. The State is providing 24 hours power supply to the industry.

INDUSTRIAL INFRASTRUCTURE – Besides SEZ, Crystal IT Park, Auto Cluster, Apparel Park, Readymade Garments Cluster, Indo German Tool Room at Indore/Pithampur, There are 19 Growth Centres and 8 Integrated Infrastructures Development Centres for small industries in Madhya Pradesh. An Engineering Cluster has emerged in Bhopal and a project has been mooted to Government of India for sanction.
