AN OUT-OF-THE-BOX CHANGE

— A gift doesn't always make one smile from the inside. Sometimes it even passes from one hand to the other. Sometimes stays in a store-room. Or at most, receives an uninterested

glance. And such a gift makes even the occasions cold. With Giftworks—a brand of unique and exciting corporate gifts from Archies—things are surely about to change. For it doesn't have the usual mundane gifts in its kitty. These are gifts that make corporate gifting a pleasure all together. Both giving and receiving. So what is it that makes Giftworks so different? Is it just the unique gifting ideas, or the way it makes an occasion memorable? Or is it because of the fact that one would look forward to occasions when one could use it? It is actually all of the above reasons, gift-wrapped in a box. And when unwrapped, it comes across as one out-of-the-box idea. Literally.
