

Additional Benefits Of Our Security Package : • Availability of 24 hours manned Security Control Room along with Mobile Patrol Vans to respond to client management as well as the guards deployed. • Constant supervision of the guards at no extra cost due to the visits by Manager Operations, Area Managers and Field Officers. • On the job training at the post regularly to include knowledge of the guard about his duty post, reactions in the event of any contingency and capability of the guarding team. • Creating and maintaining a "Security Presence" and high visibility by various means in order to deter crime and to give visitors and staff a comfortable and secure feeling within the client's premises. • Our entire operational staff is equipped with mobile phones and wireless sets for prompt communication.

- Boon aur Curse - CNG is a substitute to other fuel and is very cheap and safe. It is pertinent to mention that the accidents being reported are not because of CNG nor CNG is a hazardous fuel but because of the sub standards parts and duplicate kits used by unauthorized agencies which are mushrooming in all the corners of the city

and which work under the fictitious identity of booking centers or car mechanics and misguide the public who is still not very educated about CNG kits. These companies lure the public by charging lesser and also by offering discounts whereas in reality they compensate themselves by putting in sub standard parts and duplicate kits. The Delhi Transport Authority gives licenses to the companies/firm to fit CNG kits and conducts regular check ups to ensure the compliance with safety and other statutory norms. The CNG kit should always be got fitted by authorised companies/firms which are well equipped with trained and educated technicians. The companies authorised by transport department fits the kits as per approval only whereas unauthorized agencies not even aware of any such list. This exposes the lives of public at large at risk which can be averted by getting the kits fitted by authorised companies only. Running cost of CNG is 99 paise/km. Drugs?? Alcohol?? - Giving Up Made Easy!!

According to Dr. Sanjay Chugh, Delhi based Psychiatrist and Founder Chairman of the INTERNATIONAL INSTITUTE FOR DEADDICTION RESEARCH AND THERAPY (IIDRT), Alcohol Dependence and Addiction to Drugs such as Opiates including Heroin, Smack or Brown Sugar, Opium, Cough Syrups, Proxyvon, Spasmoproxyvon, Fortwin, Morphine and Tidigesic injections are dreaded problems in society worldwide. The Opiate addict dreads going in for Detoxification because of the intense discomfort experienced during withdrawal. With **ULTRARAPID OPIATE DETOXIFICATION (UROD)**, done under Light Sedation without using Anaesthesia, the entire procedure is now over in a few hours. With **RAPID OPIATE DETOXIFICATION**, the detoxification process is accomplished **AT HOME** in 3 days!! Thus, there is no dread of having to undergo prolonged pain over several weeks. After the Detox is over, medicines are now put **UNDER THE SKIN THROUGH MINOR SURGERY** under local anesthesia. These medicines make relapse almost impossible. The efficacy of these medicines can last for **THREE MONTHS** up to ONE YEAR. This procedure eliminates craving because there is **NO POINT IN CRAVING FOR SOMETHING THAT YOU CAN'T HAVE**. Various **DRUG TESTING KITS** are also available to diagnose drug abuse. These are recommended if there is any doubt that a family member or student could be on drugs. To decrease or quit the smoking habit, a **Nicotine Nasal Spray** is now available. Using this spray, the craving for Nicotine is minimized and the Nicotine dependent individual finds it easier to cope with the craving for a
