

Good morning to digestive health

Uncontrolled eating, a stressful lifestyle and fatigue are common triggers that impact digestive health which in turn can pose long term health hazards.

A diet rich in fibre and wholegrain facilitates smooth bowel movement, rids the body of waste and helps ensure a healthy digestive system. And given your hectic lifestyle, eating healthy through the day is a near impossibility. This makes a wholesome breakfast crucial.

We at Kellogg's call this achieving health, inside-out.

Introducing **All Bran Wheat Flakes** - a tasty, ready-to-eat **whole wheat cereal** that has **high fibre** and is **low in fat**. Just one serving in the morning with skim milk gives you 10% of your daily fibre requirements and keeps you healthy inside and outside.

All Bran Wheat Flakes, keeps you healthy on the inside and the outside.
