

A dramatic landscape featuring a winding road that curves through a vast, open area with rolling hills in the background. The sky is filled with large, white clouds. The foreground shows a blurred, textured surface, possibly a road or a field, with a white line marking. On the right side, the rear portion of a dark-colored car is visible, including the rear wheel and part of the body.

**Two roads diverged in a wood,
and I took the one less travelled by,
and that has made all the difference.**

The Audi A6. Follow your own rules.

The philosophy of *Vorsprung durch Technik* dictates an ongoing quest to provide superior automotive solutions. This makes it impossible to follow the status quo. The Audi A6 exemplifies this spirit. From its leading exterior design, to the high quality luxurious interior, the boundaries have been pushed to produce an exceptional vehicle to exceed all expectations.

Featuring innovations like quattro, Audi's legendary all-wheel drive, Audi's unique Multi-Media Interface (MMI) enabling absolute control at the touch of a single button and four-zone climate control, it seems logical that the Audi A6 was voted India's Import Car of the Year 2006.
