NUMBERS GAME

BJP lost 10 seats, Congress gained eight but for Modi it is as emphatic a victory as any.

Since 1995, the vote share of both BJP and Congress has been increasing, which is not reflected in their final tally

49 out of 182 newly elected MLAs, or almost 27 per cent of those elected, have criminal cases pending against them

They include 25 of the 117 BJP MLAs and 19 of the 59 Congress legislators. Of these, 18 have cases of heinous crimes.

67 of the total 182 newly elected MLAs are graduates. Of them, 45 are from BJP and the rest are from Congress. 38 of the new MLAs have not even completed school.

Of the newly elected MLAs, only 16 are women. BJP fielded 21 women candidates of whom 15 won while the Congress, despite having a woman as party chief, fielded 14, of whom only one won

ACROSS THE STATE, BJP'S VICTORY MARGINS AVERAGED OVER 23,600 WHILE THOSE OF CONGRESS WERE JUST OVER 10,000
