MELTDOWNS

She went from princess of the enhanced pout to puddle of pettiness. Rakhi Sawant (far left) began the year losing *Bigg Boss* and ended the year losing *Nach Baliye 3*. In between she starred in a sex comedy which was neither comic nor sexy, briefly played activist and talked to her silicon implants. A meltdown of a more physical sort was successfully attempted by Adnan Sami (left), who shed over 110 kg of his 200, due to an amazing mix of good diet and physical exercise, but allegedly because of a surgical exercise.

The Headliners of a TABLOID YEAR

The boldface names and their in-your-face acts. It was a year when break-ups made national news and weddings became like election countdowns. It was the year the kiss came out of the closet and the hair strayed everywhere. The Oh My God moments of 2007.

LIP GLOSS

Richard Gere grabbed our made-in-England Shilpa Shetty for a kiss and she showed off her yoga skills by dodging him. Cristiano Ronaldo kissed Bipasha Basu (right) in Lisbon but she cried foul, calling it a wrong angle, a plea surprisingly echoed by Vasundhara Raje and Kiran Mazumdar Shaw. For an act which till a few years ago was indicated onscreen by roses meeting and birds twittering, it was a mouth-to-mouth resuscitation.
