

TDI CITY, KUNDLI THE NEW, NEW DELHI

It is quite impressive to witness Haryana grow as a favorable investment destination amongst all the other states in the country. The latest being UPA Chairperson Smt Sonia Gandhi visiting Haryana on October 7 to lay the foundation stones of three prestigious projects of the State involving a total investment of over Rs. 8467 crore that includes the National Institute of Food Technology, Entrepreneurship and Management (NIFTEM) in Kundli, The New New Delhi.

Although Gurgaon has reached a saturation point, there are other areas like Kundli, The New New Delhi, where a lot of action can be seen in recent times. Kundli, The New New Delhi is the place where maximum activities are happening. The govt along with few leading private developers like TDI (the biggest self-integrated township developer in Kundli with over 1500 acres of land) are engaged in fast pace development of various residential, commercial and other projects in Kundli, The New New Delhi.

The biggest advantage that this area draws is its close proximity to the capital and now with metro services being announced to be extended to this region, there are enough reasons to cheer about. Kundli, The New New Delhi is witnessing the

kind of growth that Gurgaon saw around a decade back. With due emphasis being given to the infrastructure such as the Kundli-Manesar-Palwal expressway, current widening of NH-1, various flyovers planned towards the Delhi border and further towards other adjoining states, Kundli, The New New Delhi will not be a victim of unplanned part of a state. The KMP expressway is expected to reduce the travel time from Kundli, The New New Delhi to the international airport at New Delhi to mere 30 minutes which will be a major puller for all IT, ITES companies, Ware-housing Hubs and BPOs along the business corridor.

Setting up of 5000 acres of mega Rajiv Gandhi Education City in Kundli, The New New Delhi that the Haryana CM aims to establish as a world-class campus for Kundli, The New New Delhi which will ensure further interest amongst investors not only from India but across the globe. TDI City, Kundli, The New New Delhi with over 1500 acres of area is all set to become the largest self-integrated township in that region. Soon this region will witness world class malls-cum-multiplexes and 2/3/4 bedroom apartments at affordable price. As low as Rs 18 to 20 lacs only for a 2-bedroom apartment. All these projects are at fast pace development in TDI City, Kundli, The New New Delhi.

Redefining corporate experience

Universal Trade Tower developed by Universal Group has provided a world class solution in commercial real estate space in Gurgaon

Vikram Puri
Director

Universal group — a wellknown real estate developer in the national capital region (NCR) of Delhi — has completed a commercial project 'Universal Trade Tower' in the IT-BPO hub, Gurgaon. The project, chairman of the group Raman Puri said, will redefine the corporate experience. "Around 50% of the Universal Trade Tower area has already been given on lease," Puri said adding that even some of the biggest multinationals have taken space in the building.

The group is also planning other projects — Universal Business Park (Commercial) and Universal Greens (residential) — in the near future. As part of its investment in IT industry, the group is coming up with a 100-acre industry & IT park in Bahrour on NH-8, Delhi-Jaipur Expressway. The group is promoted by Raman Puri, who has an experience of 25 years in the real estate sector, Vikram Puri, Varun Puri and Vishal Khanna. "We deliver what we commit. The group focuses on quality and envisages business ethics as integral to its philosophy," Raman Puri said.

The group which recently celebrated the completion of its first commercial office complex 'Universal Trade Tower' on Gurgaon-Sohna Road, has made significant steps forward in pursuing innovative business opportunities in real estate. The occasion was graced by Sonu Nigam, Shiamak Davar and Mini Mathur to entertain the guests.

The group has an impressive portfolio of projects, which exhibits its strong leadership status as a pioneer and trendsetter in the sector. The company's long term viewpoint is to build associations that carry on, said Puri. "Quality is our obsession and commitment to hard work is our passion," he said explaining the strength of the company.

Universal Trade Tower is a modern architectural marvel with high quality infrastructure and facilities. The complex is spread over 2.49 acres of land, having around 2,50,000 Sq ft of built up area. The building has floor plates ranging from 45,000 sq ft on the first floor to 18,500 sq ft on the eighth floor.

"The complex is located on eightlane Gurgaon-Sohna road, directly linked to the Delhi-Jaipur Expressway. It combines the convenience of a central business location with the advantages of a high visibility, specially designed for discerning corporate," Puri said. The tower will be 19 Kms from the domestic airport and 17 Kms from the international airport, he added.

The complex is landscaped with water features and fountains. Its distinctive design combines functional elegance with high quality exteriors. Incorporating international standards for office specifications, this environment-friendly workplace also incorporates a fine dining restaurant on the ground floor. Beautiful landscapes and expertly designed building systems inspire business performance and results. The complex will have 10.3 meter high central atrium. Entire building is earth-quake resistant and is constructed as per latest NBC norms.

It has a state of the art, ready to move in, plug and play business center on the second floor with a capacity of about 200 workstations, meeting rooms and conferencing facility. To provide added attraction to the companies for their employees, the building also has a health club equipped with all the latest equipments.
