

EPSON
EXCEED YOUR VISION

IT GETS LONELY ON TOP

ESPECIALLY WHEN YOU'VE BEEN THERE FOR 6 YEARS

Epson Multimedia Projectors have been the World No. 1 for 6 years. The market share figures will tell you that we're ahead by leaps. What they don't is that we're also way ahead in providing a truly spectacular imaging experience. With the pioneering 3LCD system, cool wireless technology, superb reliability, easy use, great price and much more, it's obvious why.

Epson Multimedia Projector
THE WORLD'S NO.1*

*Consecutively for 6 years. Source: Worldwide Market Share 2006, Decision Tree Consulting Limited
