

NEW HEIGHTS

Tata Group Chairman Ratan Tata turned 70 in December but his list of achievements during the year broke new barriers. Apart from flying an F-16 fighter jet, he spearheaded the group's global acquisitions, recorded profit for many of his companies, was named the most respected businessman in global surveys and was set, by the start of 2008, to make more history by launching a Rs 1-lakh car.

“Oh it was exhilarating

...tremendously exciting...I will do it again any time.”

RATAN TATA, ON HIS EXPERIENCE OF FLYING THE F-16
