

SIPRA DAS

NO CONFIDENCE: Vajpayee (left) and Advani have been burnt by BSP to myself, I will destroy you in the entire country. If Vajpayeeji can do it, so can I *saam daam dand bhed ke saath* (with affection, money, punishment and divide). Just as he did to me.

Q. Others states are improving, but UP stays where it is.

A. Look at UP's size and the population of other states. Himachal's is only 55 lakh, while UP's is 17 crore.

Q. So do you think UP should be divided into smaller states?

A. I have no objections. If the Centre is ready, we will make western UP, Poorvanchal, Bundelkhand. Our party favours small states, we supported Uttarakhand. Let the Central Government be ready, we will quickly pass it in the state Assembly. When we form the government at the Centre, we will make small states.

Q. So who is your biggest enemy—Mulayam, BJP or the Congress?

A. All of them and their allies.

Q. Will you not compromise with any of them?

A. The question does not arise. We don't need an alliance with any party.

Q. Tomorrow, to become PM you may need allies. But here you are fighting with everyone.

A. BSP has no enemies.

Q. Who are your friends ?

A. *Desh ki aam junta* (the public).

Q. Will you withdraw support from the Congress?

A. We have put our demands in front of them. First, I will celebrate my birthday, cut my cake, accept the wishes of the people and then decide.

Q. Don't you think your birthday parties are rather extravagant?

A. My birthday is celebrated in a way that no other leader's is. People donate money in my name. My birthday will be celebrated all over India, in each state. And on this day, we will help widows, the handicapped and the poor.

Q. They also collect money in your name for the party.

A. Other parties ask big industrialists for help, I take help from my workers. That's the difference. I say openly I collect from our membership drive.

Q. Even big industrialists don't spend so much on their birthdays.

A. I don't spend. It's the party that does all the celebrations.

Q. Is Sonia Gandhi invited?

A. Does anyone send out invitations? People come on their own. ■
