

*"We want you to
experience the joys
of parenthood."*

Presenting Moolchand's Centre for Reproductive Medicine and IVF™

In today's fast paced world, fertility is becoming an issue for many young parents to be. To address this need, we are proud to introduce a Reproductive Medicine and IVF program consistent with our philosophy of excellence and values. At our Centre you can take some things for granted: culture of Patients First, internationally accredited doctors, international protocols, cutting edge technology and confidentiality.

ADVANTAGE MOOLCHAND:

- Specialists in Reproductive Medicine and IVF (UK trained and accredited)
- Next generation labs
- Culture of 'Patients first' (quality time for each patient, ethical conduct, confidentiality and transparency)
- International protocols (from Guy's Hospital, UK)
- Innovation and superior clinical outcomes

As always beyond clinical excellence you can count on our special "Moolchand Care".

SERVICES OFFERED

- Assisted Reproductive Techniques
 - IUI (Intrauterine insemination)
 - IVF (In-vitro fertilization)
 - ICSI (Intracytoplasmic sperm insemination)
