

Offering safe and dependable transportation throughout the world

HIROSHI MANIWA
MANAGING DIRECTOR

NIPPON YUSEN KAISHA (NYK) is one of the world's largest shipping companies. Established in Japan in 1885, NYK has an impressive history dating back 123 years which charts its path of growth and shows its steady evolution from a conventional marine transportation company into a world leader, with its core philosophy of offering safe and dependable ocean, land and air transportation throughout the world. NYK operates an extensive fleet of ships, cargo aircraft, trains and trucks, not to mention its undeniable presence in infrastructure development such as warehouses, logistics facilities and terminal operations all over the world. NYK has the distinction of being the world's largest Pure Car and Truck Carrier (PCTC) operator.

The mid-term management plan of NYK group is focused on developing its business in emerging markets such as Brazil, Russia, India and China (BRIC). Accordingly, NYK Group is exploring opportunities for setting up Inland Container Depots (ICD), world class warehousing facilities and port terminals in India. As part of this strategy, NYK Logistics has already acquired approximately 40 acres of land from RIICO at Neemrana in Rajasthan for developing a Logistics Hub for the Group.
