

A LEGACY OF 123 YEARS, A NAME YOU CAN TRUST.

Nippon Yusen Kaisha (NYK LINE), a Fortune 500 Company, was established in Japan in 1885. Over the years, NYK has charted an impressive and steady growth to emerge as a world leader in the Shipping and Logistics Industry. The Company operates a fleet of over 780 vessels including container ships, bulk carriers, car carriers, wood chip carriers, reefer carriers, tankers, LNG carriers and Cruise Ships. NYK also operates under its banner, fleets of cargo air craft, trains and trucks across the world, and comprises a work force of over 51,000 professionals worldwide. NYK's offices span 240 locations in 27 countries, offering a host of world class facilities that has helped it carve a niche for itself as a safe, trustworthy and comprehensive global logistics enterprise, with a complete state-of-the-art transportation network on sea, land and in the air.
