

Industrial Development

■ Spearheading Industrial Development

Tamilnadu is all set to make a giant leap in industrial development in the next few years. Akin to the IT and ITES sector, the state has witnessed an infusion of massive investments to the tune of Rs. 25,683 crore in industry. MOUs have also been signed with 19 companies. All this means that Tamilnadu is readying for a spectacular innings in the industrial growth scenario of the country. To accelerate the pace of industrial development, a special task force was set up on 8th November 2007 under the Chairmanship of Hon'ble Chief Minister with the representatives of Industrial and Trade Organizations officiating.

The key initiative in this direction was the setting up of a high level committee for backward area development on 20th July under the tutelage of Industries Secretary to identify industrially backward blocks and to prescribe recommendations to boost industrial growth in those areas. To spur growth and create more jobs, a new Industrial policy was unveiled in 2007. Its aim was to create 20 lakh additional jobs by 2011. Thanks to the government's transparent and speedy disposal of proposals, major industries have been flocking to Tamilnadu in droves.

■ Facilitating sustainable and equitable development

Growth and development has to be equitable. Otherwise, there will be social unrest. With this in mind, the state is mulling over the setting up of two major industrial centres catering to the northern and southern areas of the state, respectively. In view of the increasing requirement for land due to the exploding industrial growth in Tamilnadu (particularly in the areas near Chennai, SIPCOT (Small

"The Hon'ble Chief Minister of Tamilnadu, Dr. K. J. Somasundaram inaugurated the new manufacturing division of Hyundai Motor India at Tiruperumbathur, Near Chennai on 02.02.2008"

Industries Promotion Corporation of Tamilnadu) is in the process of acquiring lands to all extent of 4,727.38 acres in Cheyyar Oragadam and Irungattukottai near Chennai. Government is actively considering the proposal of SIPCOT to establish 14 new industrial complexes covering approximately 25,000 acres of land in 6 districts of the state. To meet the demands for land requirement from industrial entrepreneurs speedily, the government has incorporated a provision for creation of land banks in its new Industrial policy, 2007.

■ Establishing Industrial SEZs

In a bid to give a fillip to manufacturing industries in the SEZ cluster, SIPCOT has established seven, sector-specific SEZs in their industrial complex during the past two years. A special economic zone for manufacturing transport engineering goods has been established at Gangaikondan.

■ Developing Industrial Corridors of Excellence...

The state is in the process of expediting a proposal to set up an Industrial Corridor of Excellence in two phases on the Chennai-Sriperumbathur-Ranipet-Hosur circuit. This will put industrial growth on the fast track.

■ Institutional financing

Sanctioning loans to the tune of Rs. 1,094.59 Crore and loan assistance for Rs. 696.56 Crore, the Tamilnadu Industrial Investment Corporation (TIIC) has taken the lion's share of the credit for institutional financing of projects in the state. TIIC has released Rs. 739.47 Crore as loan amount during the last 2 years. Employment opportunities have been provided to 40,450 persons, which is a record in itself. The all-round initiatives taken by the state in energizing the pace of industrialization are poised to reap rich dividends in the form of employment generation and assets creation for the local populace.
