

TECHNOLOGY THAT'S STILL MAKING HEADLINES.

The Swift. Technology you'll love to drive.

Pulse racing looks combined with technology that grabs the news, the Swift is a definition of class leading performance - with top of the line luxury features to pamper you. Exhilarating power and acceleration from its advanced engines. Climate control, tilt steering and an integrated audio system with handy steering mounted audio controls to define true comfort. And Automatic SRS airbags, ABS and EBD to make every journey safe. Come, test drive India's most exciting car.
