

One. The only number you should care about.

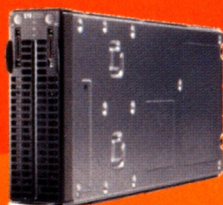

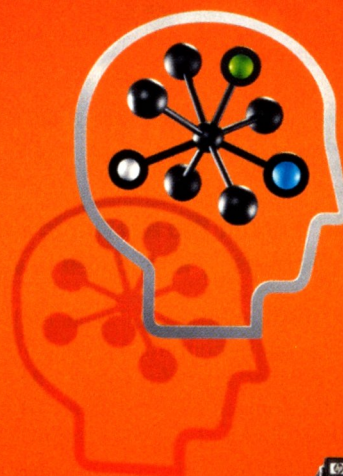

ALTERNATIVE THINKING ABOUT BUSINESS AND TECHNOLOGY:

HP is the No.1 x86 Blade Server vendor in terms of unit shipment and revenue in the Asia/Pacific (inc. Japan) region in 2007 and Q1 2008.* But that's not the only reason to invest in the HP ProLiant BL260c G5 Server Blade, powered by the Quad-Core Intel® Xeon® Processor. This innovative solution is the first to pack two servers in a single blade with BL2x220c, to give you all the power you need in one compact and affordable package. Add to this the fact that some BladeSystem servers are more energy efficient* than traditional rack-mounted servers and you'll see why there's only one name you should consider when it comes to your business.

Technology for better business outcomes.

Buy three Quad-Core BL460c Servers at Rs.5.75 Lacs† and get the c3000 Blade Enclosure with three Insight Control Licenses, completely free.**
E-mail us at india.proliant@hp.com

Here's an irresistible offer on HP AiO Storage! Grab it at just Rs.3.5 lacs.†
For queries, e-mail i.need.storage@hp.com

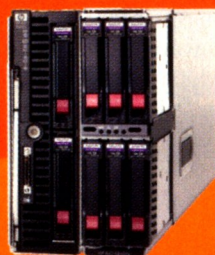

HP ProLiant BL2x220c G5 Server Blade
(extreme density blade with dual servers)

- Up to two Quad-Core Intel® Xeon® 5400[™] sequence processors per server
- Up to 16GB of memory per server

HP ProLiant BL260c G5 Server Blade
(affordable energy-efficient blade)

- Up to two Quad-Core Intel® Xeon® 5400[™] sequence processors
- Up to 48GB of memory

HP StorageWorks All-in-One SB600c Storage Blade
(All-in-One storage blade)

- Quad-Core Intel® Xeon® E5345[™]
- Up to 1.16TB of storage with 8 SFF SAS drives
- Smart Array P400 RAID controller supporting RAID 0/1/5/6 (ADG)
- Supports iSCSI SAN, NAS and Integrated Data Protection

HP Integrity BL870c Server Blade
(UNIX blade for mission critical applications)

- Up to four Dual-Core Intel® Itanium 9100[™] series processors
- Up to 96GB of memory

HP ProLiant BL460c Server Blade
(general purpose blade)

- Up to two Quad-Core Intel® Xeon® 5400[™] sequence processors
- Up to 64GB of memory
