

Progressive PUNE

Once known as the pensioners' paradise, Pune has come a long way. Having earned well deserved nomenclatures like 'the Education capital of India', 'Oxford of the East', emerging IT city and even the sports capital of India, Pune has grown into a noteworthy purlieu on the world map. We take a look at what has made Pune into this hot destination.

Education

Education is one of the biggest draw of the city. Pune is not just a favourite with students across the country, but it draws thousands of foreign students too. Numerous institutes offer equally varied courses like medicine, engineering, biochemistry, biotechnology, mass communication, management, astronomy, etc. these are supported by excellent infrastructure facilities and cultural platforms.

Pune houses several acclaimed institutes like the Pune University, the Film and Television Institute of India (FTII), Armed Forces Medical College (AFMC), Bharti Vidyapeeth, Deccan College Post Graduate and Research Institute, Defence Institute of Advanced Technology, College of Engineering Pune (COEP), etc.

Pune's reputation of being an educational destination lies in its ability to keep in tune with the rapid changing education scenario of the country. The city's connectivity, growing infrastructure, and easy access have made all the difference.

One of the most renowned International Baccalaureate (IB) school in Pune's repertoire is Vishwashanti

Gurukul. Dr Sunil Karad, executive director of the organisation explains this unique concept, "The emphasis of MIT's Vishwashanti Gurukul, an IB World School will be to make the students proud of their deep-rooted ethos, the ancient Indian culture and train them in the most modern methodology prescribed by the IB".

Elaborating some of the state-of-the-art infrastructural facilities, Dr. Karad said, "Classrooms are spaciouly designed and equipped with projection systems, computer facilities and lockers. A sophisticated IT infrastructure integrates off-line and on-line learning, has a well-stocked learning resource centre (library), and digital hook-ups with Internet and online libraries. The school also has the facilities of an amphitheatre, a recreation hall where students can socialise with each other."

He continues, "Excellent medical facilities including a well-equipped ambulance, a full-fledged 10-bed hospital and a mini operation theatre with a resident doctor, nurse and attendants are made available."

He goes on to say, "The school has a fully equipped sports ground with training facilities and emphasis is given to children's spiritual and social growth as well.

What's still more special is that all students are divided into small Tutor groups led by the faculty Tutor who shoulders the responsibility of the students in personal development as well as the academic excellence of these students. "Whenever required, there are educational counsellors to guide students in career planning and/or academic difficulties", he signs off.
