

WWICS: WORLD LEADERS IN GLOBAL RESETTLEMENT SOLUTIONS

LT. COL. B.S. SANDHU (Retd.)
Chairman & Managing Director
WWICS Group

Lt. Col. Sandhu, after serving for more than 20 years in the Indian Army, immigrated to Canada with his family as a land surveyor in 1988. He worked for Canadian & US companies for a number of years and thereafter set up the retail business in Toronto.

In the early 90s, when militancy spurred in Asia and other countries, Lt. Col. Sandhu tapped the need for legal immigration. He saw a large number of misguided people coming in illegally and landed in serious problems. Col. Sandhu helped a large number of illegal immigrants in getting their cases prepared & heard on voluntary basis by Refugee Courts in Canada. A large number of them got permanent residency due to his untiring efforts. This catapulted his expertise in immigration and won him the popularity of masses in Canada.

He also came in contact with a large number of new immigrants, particularly the professionals who were facing tough times because they were not able to get good jobs in their own professions. So, he started helping them by starting Global Placement Services, WWICS' placement division, with an aim to groom new immigrants to find suitable jobs.

With this kind of professionalism, dedication and integrity, it wasn't long before that GPS went on to become a trusted name in Placement-Resettlement industry. In the meantime, Lt. Col. Sandhu's two sons Devinder Sandhu and Parvinder Sandhu,

after finishing their studies from Canada joined their father in the business.

In 1993, he came back to Punjab, India, and set up WorldWide Immigration Consultancy Services (WWICS). Today, more than 50 percent of the 40,000 professionals emigrating abroad every year trust WWICS. Even his interactive Seminars on Global Resettlement Solutions have become so popular in India, Dubai and other countries that whenever the word about his seminar spreads, one would have to experience standing in the hall because of overwhelming response.
