CIIS has truly carved out a niche for itself as a provider of accredited International Education that transcends the boundaries of inter-continental divides, thus preparing the right groundwork for students to become future global professionals. CIIS, in India, is an extension campus of the reputed Georgian College Ontario, Canada & Thompson Rivers University, Canada. Both these colleges are funded and managed by the respective provincial Government of Canada. They are rated amongst the largest Co-op & the best Institutes within Canada. CIIS has also established tie-up with University of Brighton-UK, a govt. funded University and with AYR College, Scotland. AYR is a member of the Association of Scottish Colleges, the British Council, Scotland's Colleges International and recognized educational provider.

In the last eight years of the Institute, more than 300 students having taken transfers are studying abroad and some after completion of their studies have taken up well paid jobs in overseas countries.
