

Mahatma

(1869 -)

A Mahatma lives in each of us.

All we need is to truly *believe* in ourselves.

In our individual potential.

In *the power of one*.

On the occasion of the 60th death anniversary,

on January 30, let us pay homage to the

greatest man we've known and resolve to

make a difference to our nation. Let us each

unleash *the power of one*. And continue forever,

the legacy of the Mahatma.

If you or someone you know has made a difference,

share it with us at powerofone@aig.com
