

100cc BIKES WILL SOON BE HISTORY.

THREE JURIES, ONE VERDICT. BAJAJ XCD 125 IS EVERYBODY'S BIKE OF THE YEAR.

- CNBC-TV18 Autocar Auto Awards
★★★★★ Bike of the Year 2008
- NDTV Profit Car India & Bike India Awards*
★★★★★ Bike of the Year 2008
- Business Standard Motoring
★★★★★ Bike of the Year 2008

It's been a clean sweep at all major motoring awards. And it is not just the 25% more power of the revolutionary new 125 cc DTS-SI engine that has made the juries look past the 100cc bikes. At 109 kmpl*, the Bajaj XCD 125 is India's most fuel efficient bike. Add to that premium features like the digital console and the LED tail lamp, its easy to see why the award juries unanimously declared Bajaj XCD 125 as the 'Bike of the Year'. Rest assured, 100cc bikes are a thing of the past. And over 1,50,000 proud XCD owners couldn't agree more.

Upto 125cc category * Under standard test conditions including 130kg payload and a constant speed of 40kmph. Mileage delivery may vary depending on individual riding habits and specific riding conditions.
