

"THE BIGGEST ENEMY OF GREAT IS GOOD."

Deep Kalra. Founder and CEO, Makemytrip.com

A good business follows the rules. A great one rewrites them. That's how we created a thriving online business that revolutionised the travel industry. And it's no different from how HP designed our newest printer. The HP OfficeJet pro represents a quantum leap in printing. It saves 30% on printing costs compared to a laser, with output quality and speeds that are just as impressive. To us, that's not just great - that's awesome.

The advertisement features a black and white photograph of Deep Kalra, Founder and CEO of Makemytrip.com, sitting on a ledge next to a swimming pool. In the foreground, an HP OfficeJet pro L7580 printer is shown printing a vibrant, colorful image of a sunset over water. Several other printed documents are floating in the air around the printer, including a travel brochure with a plane and palm trees, a certificate titled 'AGENTS AWARD 2007', and a document with a large red and orange graphic. The background shows a modern building and a swimming pool with a lamp.
