

MINDLESS EATING

We love food and munch our way through the day. If life were less hectic, we would all thrive on fruits. But it's easier to reach out for that tin of biscuits, says a brand new survey. Why do we eat more than we think?

SNACK NATION

For 50%, 4 out of 7 meals a day are unhealthy — laden with biscuits and chips.

FOOD MANIA

62% mention unhealthy foods as "ideal snacks", largely in Bangalore, Chennai and Kolkata.

BISCUIT MONSTERS

72% say fruits are the best. But 11% reach out for biscuits and only 6% for fruits.
