

MUMBAI

Grade "A" property prices are still not impacted by the slowdown. Residential real estate values in Cuffe Parade, Nariman Point, Altamont Road, Breach Candy, Worli (including Worli Seaface), Bandra and Juhu stay intact. While rentals are stable, property prices are subject to a significant fall in areas like Kandivili, Goregaon and further north. Prices have dipped in Chembur and Sion.

DELHI/NCR

Capital values of high-end apartments in south-east and south-central locations have remained stagnant over the last quarter. Marginal appreciation has been noted in south-west and central locations where the values increased by 3 and 4 per cent, respectively, due to demand from address-conscious buyers. Noida market has stabilised as end-users prefer to wait and watch.

BANGALORE

There is a significant oversupply in the suburbs, which are awash with luxury apartments that don't fit the middle class buyer's pocket. According to consulting firm Celadon Re, areas like Sarjapur Road, Whitefield, Marathalli, Outer Ring Road, Tumkur Road, Bellary Road and Hosur Road are likely to see a 15-25 per cent deflation in prices, should the current trend continue.
